WEBINAR

DATE: **Wednesday, February 14, 2018**
04:00 pm (Nairobi, Kenya);
10:00 am (Rondonopolis, Brazil); 8:00 am (U.S. EST)

SPEAKERS: **Dr. Shamie Zingore**
Director, Sub-Saharan Africa
Dr. Eros Francisco
Deputy Director, Brazil (Midwest)

TOPIC: **Nutrient Management Practices for Soybeans
in Sub-Saharan Africa and in Brazilian Cerrado**

Dr. Zingore explores the challenges behind sustaining higher soybean productivity for SSA, and the critical role of integrated nutrient management practices including fertilizer, manure, and lime application.

Dr. Francisco discusses how 4R Nutrient Stewardship can help farmers sustain success within Brazil's intensive soybean cropping systems, which often include maize as a second crop grown within the same season.
