After years of success in the US, the International Plant Nutrition Institute is partnering with New Ag International to take the InfoAg Conference to Europe!

This will be a premier event for discussion and advancement of precision agriculture looking at field-centric monitoring with imagery and sensors, seamless connectivity with IoT, data analytics and prediction modeling, variable rate technology, prescription platforms and digitalization.

**KEY TOPICS COVERED:**
- Sensors • Imagery • Weather Apps • Scouting Apps • Soil Health Monitoring • Data Connectivity
- Data Management and Analysis • Nutrition & Irrigation Management • Robotics & AI • Ensuring ROI

Join us in Dublin to meet with the leaders of the Precision and Digital Agriculture World.

We invite you to attend the 16th International Symposium on Soil and Plant Analysis (IS-SPA-16) with focus on ‘Using tools to optimize plant production and quality; exploring the system approach’. The biennial conference will be held in Wageningen, The Netherlands June 17 to June 20, 2019.

This international symposium brings together global leaders from industry, government, and academia to share the latest progress in making science-based decisions influencing the stewardship of soil, water, and plants.

Program Themes and Topics

The ISSPA-16 includes several major themes covering soil, plant, products, manure, and system-level coordination. Assessing variations in space (local, region, country, world) and time (short term, long term) will be part of the themes. The ISSPA is an international symposium and presentations of different approaches and from different countries are encouraged to address:

- Chemical Aspects of Soil Fertility
- Physical Aspects of Soil Fertility
- Biological Aspects of Soil Fertility
- Plant Nutrition and Growth
- Agricultural Products
- Using Organics
- System Approaches

The International Symposium on Soil and Plant Analysis (ISSPA) occurs every two years to advance the science of soil and plant analysis. The 2019 meeting is organized by Wageningen University & Research and Eurofins Agro.

For more details on key information, please visit the Symposium’s website www.isspa2019.com
