## Introducing: Be Your Own Cotton Doctor

A new publication from PPI titled Be Your Own Cotton Doctor offers cotton growers and their advisers and consultants a new tool. The 8-page booklet features 40 color illustrations showing typical symptoms of nutrient deficiencies, toxicities, diseases, and other disorders in cotton production. While it does not substitute for diagnostic tools such as plant tissue analysis and soil testing, this publication can help distinguish and identify various field problems.

The 8 ½ x 11-in. guide is patterned after the classic publication *Be Your Own Corn Doctor*, which has been widely used for over 50 years. *Be Your Own Cotton Doctor* is available for US\$0.50 per copy, plus shipping. Discount on quantities.

Contact: Circulation Department, PPI, phone (770) 825-8082; fax (770) 448-0439, or e-mail: circulation@ppi-far.org.
